Emerging Web Developer with a strong foundation in front-end technologies and responsive design. Committed to building user-friendly, performance-optimized websites through clean code, continuous learning, and modern development practices.

## Education

### Bachelor Of Computer Science

S.R.M Institute of Science and Technology  
CGPA: 7.71

Chennai, Tamil Nadu

MAY 2024

## Skills

### Technical skills

- **Design Tools:** Adobe Photoshop
- **Programming languages:** Python
- **Web Development:** HTML, CSS, JavaScript, React.js
- **Version Control:** Git, GitHub

## Experience

### Full Stack Web Developer Intern

Joy Innovations

On-site

Apr 2025 - Jun 2025

- Developed and deployed a responsive personal portfolio website showcasing skills in HTML, CSS, JavaScript, and Git.
- Implemented smooth navigation and interactive UI components, ensuring a user-friendly and accessible experience across devices.
- Gained hands-on experience in version control, debugging, and real-time feedback integration during the development cycle.

## Projects

### Inferno Club ( Club Website ) - HTML, CSS, JavaScript

- Designed and developed a responsive website for a college club to showcase events, members, and achievements.
- Created a visually cohesive layout aligned with the club's theme using structured grids and vibrant UI elements.
- Implemented event gallery, contact forms, and smooth navigation to enhance user interaction and engagement.

### Portfolio - HTML, CSS, JavaScript

- Built and deployed a personal portfolio to present projects and technical skills with responsive design principles.
- Employed minimalist design, interactive navigation, and smooth scrolling for a modern user experience.
- Showcased real-world work with structured project sections, contact form integration, and clean code structure.

### Cheems Spot ( Music Platform ) - HTML, CSS, JavaScript

- Designed a sleek music-themed UI using HTML, CSS, and JavaScript for a smooth user experience.
- Integrated interactive audio elements and organized song sections with a responsive layout.
- Implemented playlist-style layout with hover effects for better music navigation.

## Additional

### Certifications
