Experience

Full Stack Web Developer Intern   *Apr 2025 - Jun 2025*
Joy Innovations
On-site
- Developed and deployed a responsive personal portfolio website showcasing skills in HTML, CSS, JavaScript, and Git.
- Implemented smooth navigation and interactive UI components, ensuring a user-friendly and accessible experience across devices.
- Gained hands-on experience in version control, debugging, and real-time feedback integration during the development cycle.

Projects

Inferno Club (Club Website) - *HTML, CSS, JavaScript*

- Designed and developed a responsive website for a college club to showcase events, members, and achievements.
- Created a visually cohesive layout aligned with the club's theme using structured grids and vibrant UI elements.
- Implemented event gallery, contact forms, and smooth navigation to enhance user interaction and engagement.

Job Tracker Application - *MERN Stack*

- Developed a full-stack web application to manage and track job applications efficiently.
- Implemented CRUD operations using **MongoDB**, **Express.js**, **React**, and **Node.js**.
- Designed a clean, user-friendly interface for adding and monitoring application statuses.

CafeNow (Cafe Web-Design) - *Figma, Photoshop*

- Designed a modern Cafe App UI in Figma with a clean, coffee-themed aesthetic and intuitive navigation.
- Created responsive sections including home, menu, about, and contact pages to enhance user engagement.
- Focused on usability, visual hierarchy, and brand consistency to deliver a professional UI/UX experience.
